企业介绍

浙江万楹恒辉螺纹科技有限公司是一家集研发、生产、销售、服务于一体的国家级高新技术企业，同时荣获国家科技型中小企业、浙江省专精特新中小企业、浙江省A级“守合同重信用”企业等多项权威认证，并获批设立市级企业技术研发中心。公司总部坐落于宁波市奉化区西坞街道，占地面积40亩，拥有26000余平方米的现代化花园式厂区，同时在浙江海盐、重庆、河北永年、江苏戴南等地设有销售分支机构，构建了完善的营销服务网络。

公司现有员工160余人，其中包含2名硕士及十余位来自大陆和台湾的行业资深专家。经过32年的技术积累（创始于1993年前身为鄞县恒力螺纹工具厂、宁波恒辉螺纹工具有限公司），公司已发展成为国内领先的螺纹工具专业制造商。目前拥有几十项自主专利技术，其中包括获得美国MAT在中国市场认证及授权生产核心专利，配备了近300台国内外先进的生产设备和精密检测仪器。

公司全面实施ERP和MES智能化管理系统，并通过ISO9001国际质量管理体系认证。具备年产2500吨搓丝板和滚丝轮的生产能力，常规产品库存保持500余种规格，能够快速响应客户需求。凭借持续创新的研发实力、精益求精的制造工艺和严格的质量管控体系，万楹恒辉的产品不仅在国内市场享有盛誉，更远销全球30多个国家和地区，为4000余家客户提供优质的产品和服务。

展望未来，万楹恒辉将继续秉承“专业专注、精益求精”的企业精神，致力于为全球客户提供更优质、更高效的螺纹加工解决方案。

Company Profile

Zhejiang Wanying Henghui Thread Technology Co., Ltd. is a Chinese high-tech enterprise integrating R&D, production, sales, and service. It has been recognized with multiple authoritative certifications, including National Science and Technology-based SME, Zhejiang Provincial "Specialized, Refined, Distinctive, and Innovative" SME, and Zhejiang Grade-A "Contract-Honoring and Creditworthy" Enterprise. The company has also been approved to establish a municipal-level enterprise technology R&D center. Headquartered in Xiwu Street, Fenghua District, Ningbo. The company occupies a modern garden-style facility spanning over 26,000m², and built a comprehensive marketing and service network with sales branches in Haiyan Zhejiang, Chongqing, Yongnian Hebei, and Dainan Jiangsu.

The company employs over 160 staff members, including two master's degree holders and more than ten industry experts from mainland China and Taiwan. With 32 years of technical expertise (founded in 1993, formerly known as Yinxian Hengli Thread Tool Factory and Ningbo Henghui Thread Tool Co., Ltd.), the company has grown into a leading domestic manufacturer of thread tools, and is equipped with nearly 300 advanced production machines and precision testing instruments from both domestic and international sources. The company holds dozens of proprietary patents, including core patents authorized under the U.S. MAT certification.

The company has fully implemented ERP and MES intelligent management systems and has obtained ISO9001 international quality management certification. With an annual production capacity of 2,500 tons of thread rolls and dies, it maintains 500+ standard specifications in stock to ensure rapid response to customer demands. Thanks to its continuous innovation, refined manufacturing processes, and strict quality control, our products enjoy an excellent reputation not only in domestic markets but also in over 30 countries and regions worldwide, serving 4,000+ customers with high-quality products and services.

Looking ahead, Wanying Henghui will continue to uphold its corporate philosophy of "Professionalism, Dedication, and Excellence," striving to provide global customers with superior and more efficient thread processing solutions.

各类滚丝轮均可制作

Customizing All Kinds Of Cylindrical Thread Rolling Dies

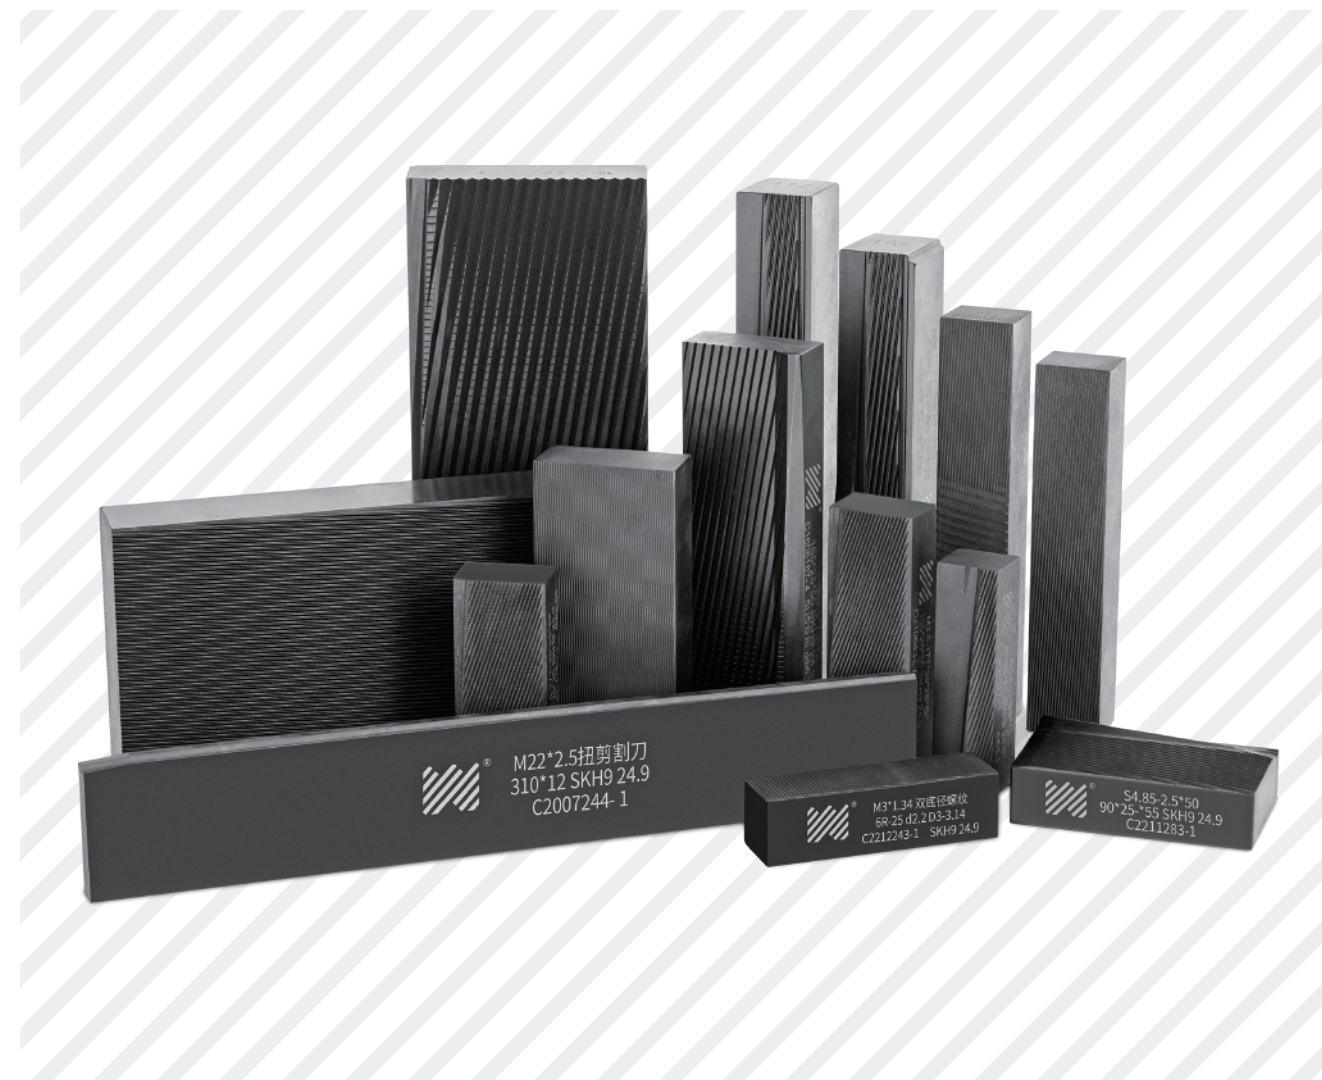

本公司的滚丝轮选用Cr12MoV、DC53、SKH9优质钢材制造，擅长设计与制造各种特殊疑难滚丝轮。公制、英制、美制、蜗杆、梯形、花键、锥管牙、直纹、网纹……各类滚丝轮均可制造。

Cr12MoV, DC53 and SKH9 high-quality steel are selected as the cylindrical thread rolling dies in our company. We are expert on designing and manufacturing various special and complicated thread rollers. All kinds of Cylindrical thread rolling dies, including Metric, Whitworth, Unified, Worm, ACME/ Trapezoidal, Knurling, NPT, spline, cube, and etc, can be manufactured.

各类搓丝板均可制作

Customizing All Kinds Of Flat Thread Rolling Dies

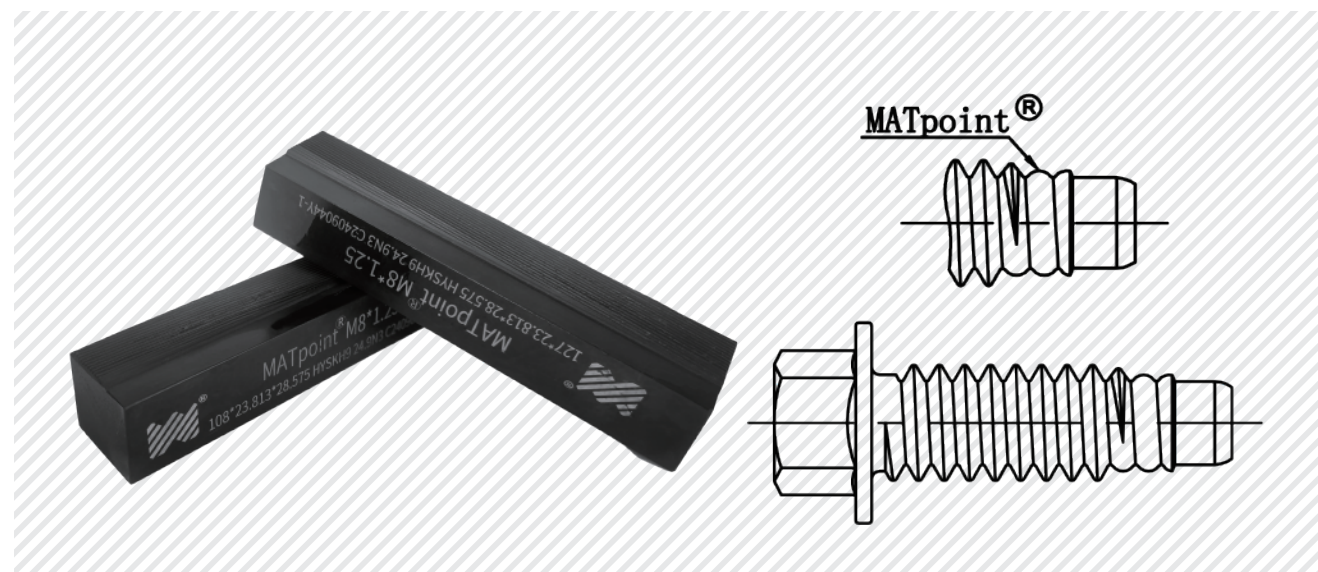

本公司的搓丝板选用DC53、SKH9优质钢材制造。擅长设计与制造各种特殊疑难搓丝板。公制英制、美制蜗杆、梯形、花键、锥管牙、木螺纹、自攻牙、干壁钉、钻尾牙、直纹、网纹...各类搓丝板均可制造。

Flat Thread Rolling Dies are made of DC53 and SKH9 high-quality steel. We have a strong emphasis on designing and manufacturing various special difficult Rolling dies plate, including Metric, Whitworth, Unified, Worm, ACME/ Trapezoidal, Knurling, NPT, wooden screw, self-tapping, Drywall, self-drilling, spline, cube, and etc. All kinds of Flat Thread Rolling Dies can be manufactured.
